To

The Revenue Secretary to the
Government of Mysore

Sir,

Adverting to your docket No
2388
Ex 67, dated 26th August 1895, I
have the honor to return herewith,
duly corrected, the Statements showing
the consumption of arrack in the
"Separate Shops" of Bangalore, Mysore,
and Kolar Gold Fields for 1893-94
and 1894-95 and to state that
the Assistant Supervisor, Mysore
District was in the habit of showing
in the Statements the issues of arrack
from the Bonded depôt to the
Separate Shops at Mysore instead
of the actual consumption at
the Shops. This error was detected
in October 1894 when the necessary
instructions were issued to the Assistant
Supervisor on the subject.

I have the honor to be,

Sir
Your most obedient Servant

Excise Commissioner

Sir,

In reply to your docket-No. 963/291, dated 22nd April 1896, 1st May requesting explanation of the discrepancies pointed out in the Arrack Consumption Statement of the Bangalore Town and Kolar Gold Fields for 1893-94 and 1894-95, I have the honor to state that the difference of Gls. Dts. 2 - 31 is due to the omission of 31 Dts. for March 1894 and 2 gallons for April 1894, in the Comparative Statements of 1893-94, and that the difference of 5-3 gallons is due to the omission of 1 gallon for the month of February 1894 and 5-2 gallons for

for June 1894, in the Comparative Statements of 1893-94. These differences were rectified and the Statements resubmitted with this office letter No. 2501/236, dated the 12th December 1895. The Head Supervisor And the Assistant Supervisor concerned have been warned to prevent the recurrence of such mistakes.

I have the honor to be,
Sir,
Your most obedient Servant

M Murugesa

No 1094 In with stats.

His No 4459 dated 7th
483
May 1896 Submitting explanation
in regard to the discrepancies
pointed out in the Arrack
Consumption Statements
of the Bangalore City, Mysore
Town & the Kolar Gold
Fields for 1893-94 & 1894-95.

Adverting to the above,
has the honor to observe
that the consumption
in the Bangalore City during

the month of March/94
being 4756-22 gallons as
exhibited in the Statements
both for 1893-94 and 1894-95
and as shewn in the
abstract given in Government
Pro: No 5230 / R 765 dated 14th Sept/94,
it is not understood how
there could be an omission of
31 drams in the Statement
for 1893-94 and how it was not
rectified.

2. The remark as to the
differences of 53 gallons in
the Statements relating to
the Kolar Gold Fields for
1893-94 & 1894-95 is not
also understood, as in
both the Statements & the Proceedings referred to the
Consumption during the
month of Feby/94 is put down
as 3599 gallons, while the
Consumption in June 1894
which was exhibited as
3757 gallons in the Statement

for 1893-94 is now put down as 3705. Thus, the difference of 52 gallons in June 1894 appears to be not on account of any omission ~~as was~~ in the statement for 1893-94 as now reported, but on account of double entry therein.

3. The differences which are stated to have been rectified should ~~not~~ have been ~~corrected without any application being made to the Excise Commissioners by letter~~ shewn in red ink.

4. Requests therefore that the figures may be carefully verified and correct statements submitted to this Office at a very early date.

The Statements are returned for reference & resubmission.

(7) No. 3624/331 & 26th February/95.
(8) No. 3880/361 & 13th March/95.
(9) No. 4369/418 & 19th April/95.
(10) No. 5104/464 & 27th May/95.
(11) No. 5-5-71/507 & 24th June 1895.
(12) No. 5-70/5-5- & 30th July 1895.

Also -

Correspondence ending with letter No. 15-2/14 dated

7th July 1896 from the same officer.

Order thereon:— No. 1814 Ex. 68 & 15.8.9.

The accompanying abstract prepared in this office shews that there was an increase in ~~the~~ consumption to the extent of 12,220 gallons of Cognac in the Shops referred to during the year 1894-95 as compared with the year 1893-94.

2. As regards the discrepancies pointed out by this office between the figures given in the Statements for 1893-94 and those relating to the same period exhibited in the statements now submitted, the Excise Commissioner explains that in the Mysore Town, the issues of Bonded Depôts

were entered in the former statement while the actual consumption alone was shewn in the latter, while in Bangalore there were certain ⊗ omissions in the statements for 1893-94, the difference in the Kolar Gold Fields being due to double entry to the extent of × 53 gallons in February and June respectively. Government observe that the double entry of one gallon alluded to occurs in September and not in February, and that the difference of 1 gallon each found against the months of October and December in the Bangalore City has not at all been accounted for.

⊗ 31 Drams in January
2 Gallons in April.

× 1 Gallon in February.
52 — Do — in June —
53

3. The figures in the Statement given in Govt Pro. No 5230 dated 14th R 765

September 1894 will however be corrected, with a request that the Excise Commissioner will have the statements carefully examined in his office in future.

To the Excise Commissioner in Mysore.

Why should the monthly statements reach? What is the object of a monthly statement, if it is not checked then & there? The Clerk says that the monthly statements are simply filed away after the Dasara & then sent for record. It is apparent the monthly statements are not checked in the Exc. Comm's. Office either as they are simply tabulated & sent on to the Office. This requires looking into.
